Norfolk. V.A.

Dear Sir

I have been thinking about the coming baseball season. and would like to know if I could report back with the team, I am in good shape and ready to play ball. I am staying in shape by playing basketball. I know that you have a good short stop. So I am thinking if I could break in at third base or second base,

If you can use me this season please write and let me know as soon as you can so I can be ready to report for spring training

P.S. The selective service act. will not get me this year. I am sure I will be some service to you. So please answer this letter

Yours Truly
